2018 Ford F-150

The 2018 Ford F-150 XLT 4WD SuperCrew is built to handle hard work and long days with ease. Its bold grille, strong body lines, and high stance give it a tough look that matches its reputation. This is a truck that feels ready the moment you step in.

Under the hood, a proven engine delivers solid power for towing, hauling, and daily driving. The 4WD system adds confidence on rough roads, in snow, or on the job site. It rides smoother than you might expect for a full-size truck, making it just as comfortable on the highway as it is off the pavement.

The SuperCrew cab gives you a spacious interior with plenty of room for passengers. There is generous legroom in the back, making it a great choice for families or crew transport. The cabin is practical and well laid out, with durable materials built to last. Features like a touchscreen display, Bluetooth connectivity, and voice controls help keep you connected while on the move.

This F-150 XLT is made to work. The truck bed offers the space and strength you need for tools, gear, or weekend projects. Whether you are towing a trailer or loading up for a trip, it is built to get the job done.

Safety and stability systems help keep you in control, giving you added peace of mind in changing conditions.

The 2018 Ford F-150 XLT 4WD SuperCrew is a dependable and capable truck that balances strength, comfort, and everyday usability.
