2025 Ram ProMaster Cargo Van

If your business needs a cargo van that's easy to work out of and ready for daily use in BC, this 2025 Ram ProMaster Tradesman 1500 High Roof is a great fit. With just 4,965 km, it feels nearly new and is ideal for tradespeople, delivery operators, or mobile service setups that need space without sacrificing maneuverability. The 3.6L Pentastar VVT V6 provides smooth, reliable power for city routes and highway driving, while the 136" wheelbase makes it easier to navigate tight streets, job sites, and loading areas. The high roof allows most adults to stand comfortably inside, making loading, organizing, and working in the cargo area far more efficient. The added passenger seat is perfect for two-person crews or extra support on busy days.

Inside, the ProMaster's open, adaptable cargo space is a blank canvas for shelving, tool storage, or custom upfitting to match your business needs. Whether you're running local routes or servicing customers across BC, this van is designed to make long workdays more comfortable and productive.

With extremely low mileage and a practical, work-focused design, this 2025 Ram ProMaster Tradesman 1500 High Roof Cargo Van is a smart, ready-to-work option for businesses looking for flexibility, space, and confidence on BC roads.
