2024 Kia Soul

NEW TO CANADA? WE HAVE AN APPROVAL WAITING FOR YOU!

Fun to drive, easy to live with, and impressively adaptable, the 2024 Kia Soul EX+ is built for versatility. Its bold, boxy design is more than a style statement. It creates a smart, space efficient shape that maximizes interior room while remaining compact and easy to maneuver in the city.

Inside, the Soul EX+ offers a surprisingly spacious cabin with excellent headroom and legroom for both front and rear passengers. The tall roofline and wide opening doors make getting in and out effortless, while the flexible rear seating allows the interior to quickly shift from passenger friendly to cargo ready. Fold the rear seats down and you gain a flat, usable load floor that easily handles groceries, sports gear, or weekend projects.

The EX+ trim adds comfort and convenience throughout the cabin. Premium seating materials, a power adjustable driver's seat, and a clean, modern dashboard create a comfortable environment for daily driving. Large windows enhance visibility and give the interior an open, airy feel, adding to the Soul's practical appeal.

Technology supports everyday flexibility. The touchscreen infotainment system features Apple CarPlay and Android Auto, making it easy to manage navigation, music, and hands free communication. Multiple USB ports keep devices charged for both driver and passengers, while a digital driver display provides clear access to essential vehicle information.

On the road, the 2024 Soul EX+ delivers smooth, efficient performance with a comfortable ride. Steering is light and responsive, making tight parking lots and urban driving stress free, while the suspension keeps things composed on longer highway drives.

Safety features help support confidence in all situations. Forward Collision Avoidance, Lane Keeping Assist, Blind Spot Monitoring, and Rear Cross Traffic Alert

OPTIONS

- ✓ Air Conditioning
