2018 Hyundai Kona

If you're in the market for a practical, fuel-efficient crossover that combines everyday functionality with a touch of flair, this grey 2018 Hyundai Kona Preferred FWD deserves your attention. With just over 82,500 kilometers on the odometer, it's a well-kept, reliable vehicle that strikes a fantastic balance between smart design, advanced features, and accessible ownership. Whether you're upgrading your daily commuter or looking for a dependable vehicle that won't break the bank, this Kona delivers everything you need and more.

Under the hood, you'll find a responsive and efficient 2.0-liter 4-cylinder engine mated to a smooth 6-speed automatic transmission. This combination provides just the right amount of pep for both city cruising and highway drives, all while maintaining excellent fuel economy. Rated at approximately 8.6 L/100km in the city and 7.0 L/100km on the highway, this Kona is built to keep fuel stops minimal — making it an ideal choice for budget-conscious drivers and busy commuters alike. With front-wheel drive, the power delivery is direct and efficient, perfect for drivers who want confident handling without the added weight and maintenance of AWD.

On the outside, the Kona stands out with its distinctive design — bold yet practical, with Hyundai's signature cascading grille and aggressive front fascia. The grey exterior is sleek and modern, offering a professional and versatile look that never goes out of style. Sculpted lines, black cladding, and alloy wheels add just enough sportiness to make this crossover feel a step above your average compact SUV.

Inside the cabin, the Preferred trim provides a comfortable and surprisingly upscale experience for its class. Premium cloth seats, soft-touch materials, and thoughtful design details elevate the Kona's interior, while its compact footprint doesn't compromise on space. The seating position offers excellent visibility, and there's ample room for passengers in both rows. The rear seats fold down in a 60/40 split, giving you flexibility when you need to carry larger items — whether that's groceries, gear, or a weekend's worth of luggage.

Technology in the 2018 Kona Preferred is ahead of its time. The center touchscreen infotainment system features Apple CarPlay and Android Auto, keeping you connected to your music, messages, and navigation apps with ease. Bluetooth, USB ports, and steering wheel audio controls are all standard, providing a seamless tech experience
