## 2021 Honda Passport

The 2021 Honda Passport EX-L AWD is built for drivers who want space, strength, and comfort in one rugged package. Its bold front end, wide stance, and clean lines give it a tough look that fits right in on city streets or back roads.

Under the hood sits a strong 3.5L V6 engine that delivers smooth and confident power. Paired with all-wheel drive, it handles changing road conditions with ease. Rain, snow, or gravel roads feel more controlled, giving you peace of mind wherever you go.

Inside, the Passport offers a spacious and refined cabin. Leather-trimmed seats add a premium touch, while heated front seats keep you comfortable when temperatures drop. The interior is quiet and well built, with plenty of room for passengers and cargo. The large touchscreen with Apple CarPlay and Android Auto makes it easy to stay connected, navigate, and control your music.

Practical features make daily life easier. A power liftgate gives quick access to the cargo area, and the flexible rear seating lets you adapt the space to fit your needs. Whether you are hauling gear or heading out on a road trip, the Passport is ready.

Honda Sensing adds a strong layer of safety. Adaptive cruise control, lane keeping assist, collision mitigation braking, and road departure mitigation all work together to help keep you protected on every drive.

The 2021 Honda Passport EX-L AWD is a solid choice for drivers who want power, space, and comfort without compromise.
