2023 Honda HR-V

NEW TO CANADA? WE HAVE AN APPROVAL WAITING FOR YOU!

Practical size. Modern design. Everyday reliability. The 2023 Honda HR-V LX is built for drivers who want versatility and efficiency in a compact SUV.

Redesigned for 2023, the HR-V features a clean, modern look with a bold front grille, sleek LED lighting, and smooth body lines. Its compact footprint makes city driving and parking easy, while the elevated ride height provides the confidence and visibility of an SUV.

Under the hood, a 2.0L 4 cylinder engine delivers 158 horsepower paired with a smooth CVT transmission. Acceleration feels responsive for daily driving, while the suspension provides a comfortable, composed ride on both city streets and highways.

Inside, the HR-V LX offers a spacious and thoughtfully designed cabin. Comfortable cloth seating, a clean dashboard layout, and excellent visibility create a relaxed driving environment. Rear passengers benefit from generous legroom, and the flexible cargo area makes it easy to carry groceries, luggage, or everyday gear.

Technology is simple and intuitive. The touchscreen infotainment system supports Apple CarPlay and Android Auto, keeping navigation, music, and communication within easy reach. Bluetooth connectivity and multiple USB ports make it easy to stay connected on the move.

Safety comes standard with Honda Sensing. Collision Mitigation Braking, Lane Keeping Assist, Adaptive Cruise Control, Road Departure Mitigation, and a rear view camera work together to enhance awareness and driver confidence.

Front-wheel drive with 18" alloy wheels, leather-trimmed interior, and more. 2023 Honda HR-V LX is a compact SUV with a lot to offer. Contact us today for more information.
