2019 Hyundai Tucson

The 2019 Hyundai Tucson AWD in sleek gray, equipped with the sought-after Preferred Package, offers a perfect blend of style, performance, and versatility for drivers who demand more from their compact SUV. With just under 86,000 kilometers on the odometer, this Tucson is an excellent choice for those looking for a well-maintained, reliable vehicle packed with comfort and technology features, all backed by Hyundai's strong reputation for quality.

Under the hood, this Tucson is powered by a refined and efficient 2.4-liter 4-cylinder engine delivering 181 horsepower and 175 lb-ft of torque, paired with a smooth 6-speed automatic transmission. The intelligent All-Wheel Drive system provides enhanced traction and control across various driving conditions, from wet city streets to snowy backroads, ensuring you feel confident no matter the weather or terrain. Despite its robust capabilities, the Tucson remains economical, with an estimated fuel consumption of approximately 10.2 L/100km in the city and 8.1 L/100km on the highway, making it an ideal balance of power and efficiency.

The exterior's gray finish complements the Tucson's modern, aerodynamic design with clean lines and a bold front grille that commands attention. Equipped with 17-inch alloy wheels, LED daytime running lights, and roof rails for added utility, this Tucson looks ready for both urban adventures and weekend escapes.

Inside, the Preferred Package elevates the driving experience with thoughtful comfort and convenience upgrades. The cabin boasts high-quality materials and a smart layout designed for maximum usability. Enjoy heated front seats and a power-adjustable driver's seat that ensure comfort on every journey, while dual-zone automatic climate control keeps all passengers comfortable regardless of outside weather. The spacious rear seats fold down in a 60/40 split, allowing you to easily expand cargo space for groceries, sports gear, or luggage.

Technology is well-represented with an 8-inch touchscreen infotainment system featuring Apple CarPlay and Android Auto, giving you seamless access to your smartphone's apps, navigation, and music. The system is complemented by Bluetooth connectivity and a six-speaker audio setup, providing entertainment and connectivity wherever the road takes you. Additional conveniences include steering wheel-mounted controls and a rearview camera for added safety and ease of driving.
