2019 Tesla Model 3

Move around town in our exclusive 2019 Tesla Model 3 Standard Sedan in Pearl White Multi-Coat and discover how easy EV driving can be! Motivated by an Electric Motor generating 271hp tethered to a sophisticated Single Speed Automatic transmission for electrifying acceleration, you need to feel for yourself. This Rear Wheel Drive sedan also skips gasoline entirely with an all-electric driving range of approximately 240miles on a single charge, with access to Tesla's available nationwide network of Superchargers and the ability to see approximately 1.7L/100km in the city. Unmistakable, our aerodynamic Model 3 shows off striking alloy wheels, LED lighting, and sleek lines.

Our Standard cabin emphasizes high-tech luxury with premium power-heated front seats, a multifunction steering wheel, dual-zone automatic climate control, and a massive 15-inch touchscreen for nearly all vehicle functions, including easy connectivity with WiFi compatibility, Bluetooth®, and a high-fidelity sound system. This premium setting has plenty of room for five and ample cargo space for high-end practicality.

More smart technology supports Tesla's commitment to safety, as highlighted by standard AutoPilot, which automates many routine driving tasks. However, please always keep your hands on the wheel and your attention on the road. Featuring all that and more, our Model 3 Standard will change how you think about EVs!
