2020 GMC Sierra 1500

*GM CERTIFIED PRE-OWNED RATES @ 4.99% O.A.C

The 2020 GMC Sierra 1500 AT4 in sleek black is a truck that combines rugged off-road capability with premium everyday comfort. With just under 165,000 km, this Sierra has been well cared for and is ready to deliver the strength, reliability, and confidence that GMC is known for. If you're looking for a truck that can do it all—whether that means tackling tough worksites, hauling gear for weekend adventures, or cruising comfortably on the highway—this AT4 is the perfect fit.

From the outside, the Sierra AT4 makes an immediate impression with its bold blacked-out styling, muscular stance, and signature LED lighting. The factory lift and aggressive all-terrain tires give it an unmistakable presence while also ensuring it's capable when the road ahead gets rough. Inside, the cabin offers the refinement you wouldn't expect from a truck built to perform off-road. Premium materials, supportive seating, and thoughtful touches like heated and ventilated seats create a space that's both rugged and refined, ideal for long commutes or cross-country trips.

Technology is another area where this AT4 shines. The intuitive touchscreen infotainment system supports Apple CarPlay and Android Auto, making it easy to stay connected, while advanced driver-assist features provide an added layer of confidence behind the wheel. Convenience features such as remote start, dual-zone climate control, and ample storage throughout the cabin ensure this Sierra adapts seamlessly to both work and family life.

Under the hood, the Sierra AT4 delivers the kind of performance that buyers expect from GMC. Its powerful engine provides smooth acceleration, strong towing capability, and dependable fuel economy for its class. Paired with a robust 4WD system, this truck is equally at home navigating city streets or exploring off-the-beaten path. Safety is also a priority, with features designed to help protect you and your passengers on every drive.

Compared to competitors, the 2020 GMC Sierra 1500 AT4 stands out for its balance of premium comfort and rugged durability. Many trucks lean one way or the other, but this model strikes the perfect middle ground, offering a high-end driving experience without sacrificing capability. With its mileage, condition, and proven GMC reliability
