2023 GMC Sierra 2500HD

*GM CERTIFIED PRE-OWNED RATES @ 3.99% O.A.C

The 2023 GMC Sierra 2500HD AT4 Crew Cab is a commanding heavy-duty truck built for drivers who demand uncompromising strength without giving up refinement and comfort. From the moment you see it, the AT4's bold exterior makes a powerful statement with its aggressive grille, blacked-out accents, distinctive AT4 badging, and factory off-road stance. Purpose-built details like skid plates, rugged wheels, and an elevated ride height give it a confident, ready-for-anything presence that clearly sets it apart from standard HD pickups and positions it as a premium alternative to competitors in the segment.

Inside, the Sierra 2500HD AT4 delivers an interior that feels more like a luxury SUV than a work truck. The crew cab layout offers exceptional space for passengers, while high-quality materials, heated front seats, and a leather-wrapped steering wheel create a refined and comfortable driving environment. Thoughtful storage solutions and a quiet, well-insulated cabin make long drives and demanding workdays equally enjoyable. As a 2023 model, this truck presents in excellent condition, offering modern styling and technology with the confidence that comes from low wear and careful ownership.

Technology and convenience are key strengths of the AT4 trim. The intuitive touchscreen infotainment system seamlessly supports Apple CarPlay and Android Auto, keeping you connected on the job or on the road. Features like a premium audio system, multiple USB ports, wireless connectivity, and available navigation ensure everything you need is always within reach. Practical enhancements such as keyless entry, push-button start, and a versatile MultiPro tailgate make everyday tasks easier, whether you're loading tools or heading out for a weekend adventure.

Under the hood, the Sierra 2500HD AT4 is engineered to perform when it matters most. Its heavy-duty powertrain delivers immense towing and hauling capability, making it an ideal choice for trailers, equipment, and demanding workloads. The advanced 4WD system and off-road-tuned suspension provide excellent traction and control on rough terrain, gravel roads, or winter conditions, while still maintaining a composed, confident ride on the highway. For a truck of this size and capability, its efficiency is
