## 2025 Ford Maverick

If you're looking for a versatile truck that combines everyday drivability with impressive utility, this 2025 Ford Maverick XL SuperCrew is an outstanding choice. With just 5,310 km, a one-owner, accident-free history, and modern technology throughout, this pre-owned Maverick delivers exceptional value for drivers who need pickup capability without the size and fuel costs of a full-size truck.

Power comes from Ford's responsive 2.0L EcoBoost engine paired with an 8-speed automatic transmission, providing strong performance for commuting, hauling gear, and weekend adventures. The Maverick's compact footprint makes it easy to maneuver in urban environments while still offering the practicality of a pickup bed. Ford's innovative FLEXBED system, multi-position tailgate, box tie-downs, and 12-volt pre-wired connections make it easy to customize the bed for work, recreation, or DIY projects.

Inside, you'll find a thoughtfully designed cabin with comfortable cloth-trimmed seating, an 8-way manual driver's seat, rear under-seat storage bins, and a modern technology package. A massive 13.2-inch touchscreen serves as the hub for wireless Apple CarPlay and Android Auto, while the 8-inch digital productivity display keeps important vehicle information easily accessible. A built-in 5G Wi-Fi hotspot helps keep passengers connected on the go.

Safety is enhanced with Ford Co-Pilot360, including Pre-Collision Assist with Automatic Emergency Braking, a rearview camera, and Auto High-Beam Headlights. Together, these features help provide added confidence behind the wheel.

For additional peace of mind, this quality inspected vehicle has undergone a comprehensive inspection and reconditioning process at our Nissan dealership, ensuring it meets strict standards for safety, reliability, and overall condition.
