## 2020 Kia Sportage

This 2020 Kia Sportage LX AWD in a clean and timeless silver finish offers the kind of practicality, confidence, and comfort that makes every drive feel effortless. With just over 123,000 kilometers on the odometer, this compact SUV stands out as a dependable, value-packed choice for drivers seeking all-wheel drive versatility, solid fuel efficiency, and a modern design—all at a price that won't break the bank.

Beneath the hood, the Sportage LX features Kia's tried-and-true 2.4-liter four-cylinder engine, producing a healthy 181 horsepower and 175 lb-ft of torque. Paired to a smooth-shifting 6-speed automatic transmission, it delivers composed and responsive performance whether you're commuting through the city, merging onto the highway, or navigating tough road conditions. The Dynamax intelligent all-wheel drive system actively monitors road conditions and delivers power where it's needed most, providing greater traction and stability in rain, snow, or gravel—ideal for year-round Canadian driving.

Fuel economy remains competitive, with this model averaging approximately 10.8 L/100km in the city and 9.1 L/100km on the highway. That makes the 2020 Sportage LX AWD an efficient option for both urban commuters and road-trippers alike, helping you go farther between fuel stops while enjoying the security of AWD.

Inside, the Sportage's cabin is built for everyday comfort and functionality. The black cloth seats are durable, supportive, and spacious, providing ample legroom in both the front and rear. The interior layout is clean and user-friendly, with high-quality materials and intuitive controls that make it easy to get comfortable and stay focused on the road. The rear seats fold down in a 60/40 split, allowing you to adapt cargo space as needed. Whether you're hauling camping gear, groceries, sports equipment, or luggage, the generous cargo capacity—over 1,700 liters with the seats folded—gives you the flexibility to handle it all.

The 2020 LX trim comes equipped with thoughtful technology that enhances the driving experience without overcomplicating things. The 8-inch touchscreen infotainment system includes standard Apple CarPlay and Android Auto, so you can seamlessly integrate your smartphone for maps, music, and messaging. A rearview camera provides extra confidence when reversing, and Bluetooth connectivity allows hands-free calls and streaming on the go. USB ports and steering-wheel-mounted controls round out the tech package, ensuring convenience is always at your fingertips.
