2015 GMC Sierra 2500HD

WE DELIVER ANYWHERE IN CANADA!

Serious power meets premium refinement in the 2015 GMC Sierra 2500HD Denali 4WD Crew Cab. Built for demanding work and heavy towing, this heavy duty pickup combines bold styling, advanced capability, and luxury level comfort.

On the outside, the Sierra Denali makes a strong statement with its signature chrome Denali grille, sculpted hood, and muscular body lines. Polished accents and large alloy wheels give it a commanding, upscale presence whether it is on the job site or the highway.

Under the hood, the 6.6L Duramax Turbo Diesel V8 delivers exceptional torque and towing strength, paired with the renowned Allison automatic transmission for smooth, confident shifting under load. The robust 4WD system and heavy duty suspension give this truck the durability and traction needed for challenging conditions, making it ideal for towing large trailers, hauling equipment, or tackling tough terrain.

Inside, the Denali trim surrounds you with comfort and craftsmanship. Premium leather seating, heated and ventilated front seats, a heated steering wheel, and a power adjustable driver's seat create a first class driving environment. The Crew Cab layout provides generous rear seat space, making long drives comfortable for passengers or crew members alike.

Technology adds convenience and connectivity. The touchscreen infotainment system includes navigation, Bluetooth connectivity, and a premium Bose audio system for rich, clear sound. A driver information center displays key vehicle data, and multiple USB ports keep devices powered.

Safety features help support confidence when the truck is working hard. Trailer sway control, stability control, rear park assist, a rear view camera, and multiple airbags help enhance awareness and control when towing or maneuvering in tight spaces.

Powerful, capable, and loaded with premium features, the 2015 GMC Sierra 2500HD Denali 4WD Crew Cab delivers heavy duty performance with unmistakable Denali luxury. Book your test drive with Bannister GP Honda today!
