2025 Volkswagen Jetta

FREE DELIVERY IN NORTHERN AB/BC!

Clean design, impressive efficiency, and everyday comfort define the 2025 Volkswagen Jetta Comfortline. This refined compact sedan blends German engineering with modern technology to create a smooth, confident driving experience.

From the outside, the Jetta features sleek body lines, a bold front grille, and sharp LED lighting that give it a polished, upscale look. Its aerodynamic shape not only enhances style but also helps improve fuel efficiency on the road.

Under the hood, the turbocharged 1.5L engine delivers a strong balance of performance and efficiency. Paired with a smooth automatic transmission, it provides responsive acceleration while maintaining excellent fuel economy for daily commuting and long highway drives.

Inside, the Comfortline trim offers a spacious and well-crafted cabin. Premium seating materials, heated front seats, and a leather-wrapped steering wheel create a comfortable driving environment. The interior layout is clean and intuitive, with generous rear legroom and a large trunk that easily handles luggage, groceries, or everyday cargo.

Technology keeps you connected and in control. The touchscreen infotainment system supports Apple CarPlay and Android Auto, giving you easy access to navigation, music, and communication. A digital driver display provides clear vehicle information, while multiple USB ports keep devices charged.

Safety features add peace of mind. Blind Spot Monitoring, Forward Collision Warning with Automatic Emergency Braking, Rear Traffic Alert, and a rear view camera work together to enhance driver awareness and confidence.
