## 2019 Mitsubishi Outlander PHEV

Discover the perfect blend of innovation, efficiency, and versatility in this 2019 Mitsubishi Outlander PHEV—a plug-in hybrid SUV designed for modern drivers who want the best of both worlds: electric efficiency and all-weather capability. As the world's best-selling plug-in hybrid SUV, the Outlander PHEV has proven itself as a smart, reliable, and forward-thinking choice for families and commuters alike.

From the outside, the 2019 Outlander PHEV exudes confidence with its bold yet refined design. Its sleek aerodynamic profile, distinctive chrome accents, and LED lighting give it a sophisticated road presence, while the raised stance and rugged detailing remind you that this SUV is ready for adventure. Whether parked downtown or exploring weekend trails, it looks right at home.

Step inside and you'll find a cabin designed for comfort and practicality. Premium materials, heated seats, and intuitive controls create a relaxing atmosphere for both driver and passengers. The spacious interior provides ample legroom and cargo flexibility, making it perfect for families, road trips, or anyone who values everyday comfort and convenience. Dual-zone climate control, a user-friendly infotainment system with Apple CarPlay™ and Android Auto™, and an available premium sound system make every drive more enjoyable and connected.

Under the hood—or rather, under the skin—the Outlander PHEV's innovative plug-in hybrid powertrain sets it apart from the competition. It combines two electric motors with a 2.0L gasoline engine and an advanced Super All-Wheel Control (S-AWC) system, giving you confident traction in all conditions and the flexibility to drive on electric power alone for short trips or use hybrid mode for longer journeys. Enjoy quiet, emission-free driving around town and excellent fuel economy that helps you save at the pump—without ever sacrificing capability.

Safety is another key strength. Mitsubishi equipped the Outlander PHEV with advanced safety features such as Forward Collision Mitigation, Blind Spot Warning, Rear Cross Traffic Alert, and a rearview camera. Combined with its sturdy build and confident AWD handling, this SUV inspires peace of mind every time you get behind the wheel.
