2024 GMC Canyon

WE DELIVER ANYWHERE IN CANADA!

Bold design meets smart capability in the 2024 GMC Canyon Elevation with the Preferred and Convenience Packages. This midsize truck delivers a strong, athletic presence with its signature GMC grille, aggressive stance, and refined exterior details that give it a confident look on any road or job site.

Inside, the Canyon Elevation blends durability with comfort. The cabin is thoughtfully designed with supportive seating, quality materials, and a clean, driver focused layout. The Preferred and Convenience Packages add extra refinement and everyday usability, enhancing comfort features and practical touches that make long drives and busy workdays more enjoyable.

Under the hood, the 2024 Canyon delivers strong, responsive performance. Its turbocharged engine provides impressive torque for confident acceleration, towing, and hauling. Whether you are heading to a job site, towing equipment, or planning a weekend getaway, the Canyon offers the capability you need with a smooth and controlled ride.

Technology plays a major role in the driving experience. A large touchscreen infotainment system with Apple CarPlay and Android Auto keeps navigation, music, and communication easily accessible. A digital driver display provides clear performance and vehicle information, while added convenience features from the package enhance daily comfort and functionality.

Utility remains at the core of the Canyon's design. The durable truck bed is ready for tools, gear, or recreational equipment, and smart storage solutions throughout the cabin help keep everything organized. Its manageable size makes it easy to maneuver in tight urban spaces while still delivering true truck capability.
