2017 Nissan Rogue

The 2017 Nissan Rogue SL Platinum is a stylish and versatile SUV that combines comfort, advanced technology, and all-weather capability. With its refined design, upscale features, and generous space, it's built to fit seamlessly into your busy lifestyle.

Power comes from a 2.5-litre 4-cylinder engine producing 170 horsepower and 175 lb-ft of torque, paired with Nissan's Xtronic CVT® transmission for smooth and efficient driving. With Intelligent All-Wheel Drive, the Rogue handles changing road conditions with confidence, while maintaining impressive efficiency at just 8.7L /100 km combined.

On the outside, the Rogue SL Platinum stands out with 19-inch alloy wheels, LED headlights, and a sleek, modern profile. Inside, the cabin feels upscale with premium leather-appointed seating, heated front seats, a heated steering wheel, dual-zone climate control, and a spacious interior with flexible cargo options.

Technology takes centre stage with an 8-inch NissanConnect® touchscreen, navigation, Apple CarPlay® and Android Auto™, Bluetooth® connectivity, and a premium Bose® audio system. The SL Platinum trim also includes advanced driver-assist features like Intelligent Cruise Control, blind-spot warning, forward emergency braking with pedestrian detection, and an Around View® Monitor with Moving Object Detection for added safety.

Blending comfort, technology, and capability, the 2017 Nissan Rogue SL Platinum is a well-rounded SUV that's as ready for daily commutes as it is for weekend adventures.
